Work History

2021-08 -
Current

Manager & Head Technician

In the heart of Sittingbourne High street, my role as manager at Geco Tech Network is to keep day to day operations running as smooth as possible and keep quality control at the expected level ensuring staff are doing their jobs. As Head Technician it is my job to ensure all electronic repairs are carried out to a high standard. I am also taking on the company's web development projects.

2016-10 -
Current

Director

Tech Centre UK, Sittingbourne, Kent

After 14 years in the phone repair and part supply industry I have tried to learn every aspect of the industry, in doing so I had become a very skilled micro solderer and have been providing both B2C and B2B with the highest level of repairs. I have never known anything else and am excited to take this huge leap from one industry to another.

2020-03

Department Manager

Phone Parts Express, Rochester, Kent

My Role at PPE was to provide and maintain a high level of quality control on the electronic products for sale, manage a small team of testers and ensure all product returns were legitimate. I also had a hand in website management (wordpress) and stock control via Cloud Commerce Pro.

2018-04 -

2019-02

Head Technician

Mega Fone, Canterbury, Kent

My role as head technician was to ensure all devices coming in for repair was designated to the correct technician and completed to a high standard in the designated time frame.

I also had to ensure front of house could diagnose and quote the devices repair correctly.

2013-10 -

2015-08

Head Technician

Phones4Less, Tunbridge Wells, Kent

My role at Phones4Less was to complete designated repairs in the given time frame to a high standard and ensure the shop floor was clean and well presented.

2007-04 -

2013-09

Manager and Head Technician

Sim3, Maidstone, Kent

My first job role at a young age i would finish school and bus into town for the last few hours of the working day to gain work experience, before long i was managing the second store and became a self taught mobile phone technician and this is where my career started.
